

DIY SELF-SERVICE GUIDE

HOW TO REPLACE A SWING DOOR HANDLE

Materials Required:

Phillips Screwdriver

Difficulty:

Medium

Time Requirement:

10 minutes

INSTRUCTIONS:

1. Remove the 2 screws on the inside handle.
2. Once the screws are removed, the exterior handle will come out.

SCREWS

3. Pull the handle off.

-
4. Re-apply new handles doing the exterior side first, then the interior side.
 5. Make sure to point both handles in the same horizontal direction.
 6. Install the 2 interior screws to complete the installation.

KEEP HANDLES HORIZONTAL TO EACH OTHER

INSERT EXTERIOR HANDLE FIRST
