FOR IMMEDIATE RELEASE

MILGARD'S NEW MONTECITO™ SERIES DESIGNED FOR BUILDERS

- New series presents ideal features and dimensions for new construction applications –

ORLANDO (Feb. 7, 2007) — Milgard Windows & Doors is pleased to introduce Montecito – a new vinyl window series designed for new home construction. Made from Milgard's own vinyl recipe, Montecito is being introduced in the Mountain and Northwest regions and will be available through all Milgard locations by the end of 2007.

The Montecito series is an offering of premium quality, vinyl windows and patio doors that provide the style and beauty of a traditional wood window but without the maintenance headaches. Offered in a wide range of operating styles, this series is engineered to meet ENERGY STAR requirements – without argon – in all climate zones. The series features a 3- 1/4" frame depth and an integral nail fin with 1-3/8" setback for easy installation in new construction projects.

"Vinyl is very popular because of its affordability, versatility and ease of maintenance," said Pete Placido, vice president of marketing at Milgard. "Our reputation as vinyl window manufacturers is well known and we are pleased to offer the new Montecito series to meet the needs of our customers."

Like all Milgard windows, the Montecito series carries Milgard's industry-leading full lifetime warranty. Coverage is extended to the original purchasing homeowner for as long as they own or reside in the home – including materials and labor.

In addition, the windows come standard with Milgard's exclusive new SmartTouch™ lock, which permits effortless opening, closing, locking and unlocking with one-touch operation. The lock is designed to engage when the window is closed, giving homeowners the peace-of-mind knowing that when the window is closed, it's locked.

-more-

The Montecito series also has elegant design aesthetics with even sight lines on the glass and sash frame for a clean, attractive appearance, especially with window systems.

For more information about the Montecito series, visit www.milgard.com or call 1-800-MILGARD.

About Milgard Windows & Doors

Milgard Windows & Doors, a Masco company based in Tacoma, Wash., offers a full line of aluminum, vinyl and fiberglass windows, patio doors and fiberglass entry doors for builders, dealers and homeowners.
